

# Why Choose PTA?

## Learn Basics + Value Added Skills

Learn finance like a pro, starting from the basics. Gain relevant skills from experienced CAs and finance professionals. Whether you're a young working professional, entrepreneur, student or homemaker, PTA's Financial Literacy Course boosts your finance knowledge and makes you equipped to handle your finances wisely.

## Boost Your Income

Invest in upskilling to become a money management expert. Learn how to maximize your earnings and handle your finances wisely. Our faculty, who have successfully guided large corporations in financial management, are here to help you learn from their expertise – all from the convenience of your home.

## Reliable Support and Assistance

Throughout the course and after it, we will stand by you. Reach out to us anytime to clarify your doubts and with our video lecture format, you can review the lectures whenever you need. You'll get all this and more at PTA.

## “From The Founders’ Desk

In 2017, we founded Green Growth Consultancy (GGC), a finance firm. With a strong track record of working alongside renowned companies and CA firms worldwide, we identified a significant need for financial literacy among common people and youngsters wanting to make the best use of their money. Recognizing this as an opportunity, we established the Practical Training Academy (PTA) to address the issue and facilitate finance upskilling in India. PTA, our aspirational startup, has garnered recognition from the Hon. PM of India, Shri Narendra Modi Ji.

Having successfully streamlined finance operations for businesses and contributed to the present landscape, we aim to help every individual achieve expertise in finance management and investment through our technology-driven and futuristic approach.
